COMPACT DESIGN

The all-in-one benefits of the e-STUDIO2051C/2551C are yours in a compact body that centralises controls, simplifies management of consumables and services, and eliminates the messy connections that multiple devices require.

- Printing, copying, scanning and faxing* come together in a stylish, compact body
- Paper sizes up to A3 are handled

*Fax is offered as an option.

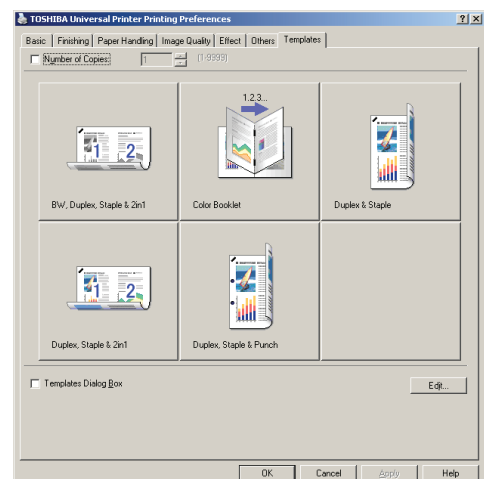

EASE OF USE

Toshiba takes a comprehensive approach to simplify operation. From large LCD panel to universal design, a host of innovations and refinements creates a stress-free, wholesome experience for you.

- The 7" colour LCD touch screen panel with tilt-adjustable design
- The right paper size is automatically detected when papers are placed in the drawers.
- Both the control panel and printer driver feature an easy-to-use template that instantly recalls various settings to make routine work easier.
- One-touch template can perform printing setting by one-touch. You can easily print the document without the need to set the printer driver.

- Universal design features include paper drawer handles that are easy to open and an optional accessible arm that makes the RADF (Reversing Automatic Document Feeder) easy to use for the physically impaired.
- Colour-challenged individuals will appreciate "Color Universal Design" features like easy-to-recognise panel screens, LED lamps and operation levers.

VIVID COLOUR

Documents containing colour information look great on PC monitors but lose their luster and important details when printed in black and white. The high-quality colour performance of the e-STUDIO2051C/2551C can make your documents more appealing.

- The new image processing engine and LED print head deliver an accurate reproduction of text, graphics, fine lines, tiny dots etc. in both full colour and Black-and-White.
- Toshiba's new toner improves glossiness, thus boasting vivid colour reproduction of even the most colourful photos.
- Full-colour paper documents can be scanned and saved in full colour without losing the smallest details.

ISO 9001 and ISO 14001 Certifications	
These highly acclaimed certifications are recognised worldwide as measures of top quality and environmental management excellence. They are awarded to manufacturers for facilities and practices that meet the strict standards set by the Geneva based International Standardization Organization. To date, four copier sales affiliates and all Toshiba TEC manufacturing facilities where copiers, accessories, supplies and parts are produced have received ISO 9001 certification, while four copier sales affiliate and all Toshiba TEC manufacturing facilities have received ISO 14001 certification — even more reasons to count on Toshiba.
